

Bicentennial Traveling Exhibit Panels

Sponsored by the City of Lafayette, ten travelling exhibit panels will showcase different stories in Lafayette's history including the founding of Lafayette, Columbian Park and the Wabash and Erie Canal. Each panel is designed to stand alone or could be displayed together with any of the others. Organizations, including libraries, schools and businesses, may borrow one or more exhibit panels at a time for two weeks or more pending availability. Exhibit panels are available to borrow at no cost on a first-come, first-served basis.

More panels are in the works and your business/ organization can get involved and sponsor one!

For more information about borrowing or sponsoring a panel, contact the TCHA Curator of Collections, Kelly Lippie at curator@tippecanoehistory.org or 765-476-8411 ext. 3
